

Celebrate the 2023 Commencement with us !

Dear guests,

The Class of 2023 is about to graduate and embark on a new chapter in their lives. We cordially invite you to celebrate with them.

Life is a journey, and it is about learning from different experiences and becoming a tough and confident individual. Graduation is not the end of the learning process but rather a new beginning. We expect and encourage our students to be courageous in breaking new ground and exploring as they face life's challenges.

You are invited to join the commencement of their great journeys with us. We look forward to seeing you at the 2023 Commencement of NYCU.

Sincerely,

Chi-Hung Lin

President, National Yang Ming Chiao Tung University
